

THE FOUNDATION PRESENTS AT THE INTERNATIONAL MEETING IN  
STRASBOURG, 7 TO 9 JULY, 2006

The Foundation was recently represented at the 12<sup>th</sup> International Scientific Meeting of the VCFS Educational Foundation Inc (based in the USA) in Strasbourg, France, from 7 to 9 July, 2006.

Foundation President Steve Russell and Secretary, Kathy Russell flew the flag for the Queensland Foundation. They staffed a table outside the conference lecture theatre. The conference was the largest and best yet. There were 65 speakers from 13 countries on four continents. Most impressively, there were 420 registered attendees.

Here they are at the table, and here is the crowd in one of the breaks.

Steve presented a Powerpoint promoting the Foundation and the Brisbane Conference, which was very well received.
